Subject: LTCP/Superfund technical meeting
FW: EPA's comments on Newtown Creek Draft RI and models (Geo-Neutral PS, Hydrodynamic and Sed Tran)

Hi Ron:

On May 26, 2017 (attached), I sent an email with some of the objectives of this technical meeting we want to schedule with NYC, NYS, NCG/AQ.

So far, we have heard from NYSDEC and we are expecting a response from NCG/AQ by Friday. We still have not heard from NYC yet. As we all know when NYC presented the LTCP to EPA back in February, it was highly recommended by NYC to have such a meeting.

Please provide dates in July when the NYC's team can participate this meeting.

thanks

Caroline
